

Hancock Elementary School

“Rooted in Community, Reaching for the Stars”

March is upon us as is the snow! It is wonderful to have an opportunity for the children to build forts and snow people!

We had a wonderful retirement celebration last month for Mrs. Paquette. Linda has been serving lunches at HES for many years. The children will miss her fantastic decorations and friendly face.

A big thank you to Susie Spikol for spearheading our nature recess adventures. Susie and parent volunteers have taken two groups of students either birding or snowshoeing in the field behind the school. The children have loved it! Susie has scheduled several more adventures for the months of March and April.

It was wonderful to have Liz Cohen join us for our Leadership meeting. The team reviewed progress toward our school goals and made modifications to our lunch room structures to support students' social interactions. Please let me know if you would like to join this dynamic group.

The Keene Elm City Rotary Club will be providing free sneakers for 2nd grade, with permission forms being sent home with a sizing chart. This is voluntary with sneaker delivery in mid-May.

We are in close quarters during the winter months. With that, head lice can be passed along quite easily. Please reference the district policy, letter from our nurse, and brochure that are attached to my email to assist with monitoring and treating your child for head lice.

Our special next week is **Library/Media**.

Upcoming Events

Monday, March 12

Tuesday, March 13

Thursday, March 15

Friday, March 16
